

A School Year in Review

The school year was celebrated with our Annual Volunteer Recognition Event that was held at Madsen's Greenhouse. Altogether, we celebrated the tireless effort and dedication of our school communities – made up of principals, administration, teachers, staff, parents, students and other local organizations – to nourish our children and youth. With this commitment, we have grown to support over 200 York Region schools that operate more than 250 breakfast and snack programs.

Studies show that students who are well-nourished perform better in school. Their ability to concentrate improves, the academic performance enhances as their ability to learn and focus increases. Overall, students who are nourished, eat well and learn better to succeed in schools.

With your commitment to student well-being, we had a year of productivity and success. Thank you everyone for your hard work and support.
